

FLOWATER

FLOWATER CLASSIC: THE TAP, REBUILT.

Our 7x Advanced Purification turns everyday tap into water your people actually crave. Cold, clean, and ready on demand. No deliveries. No plastic. Just water worth switching for.

WHY TEAMS SWITCH

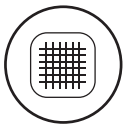

+ **7x Advanced Purification.** Removes up to 99.9% of impurities found in tap water for cleaner, healthier hydration.
+ **Taste-Tested & Preferred.** FloWater is preferred 8 out of 10 times over bottled water brands in blind taste tests.
+ **Fast & Convineiant.** The FloWater Classic fills a 25oz bottle in ~9 seconds, with a roomy fill area that fits everything from mugs to gallon jugs.
+ **Cold & Crisp Every Time.** Freshly chilled water on demand — perfectly cold, every time.
+ **Built for Anywhere You Work, Train, Stay or Learn.** Compact footprint, internal drain (no drip trays), ADA touch-panel compliant, and energy-smart operation.

7X ADVANCED PURIFICATION

Removes up to 99.9% of impurities and contaminants found in tap water.

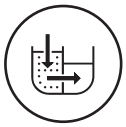

PURIFY

SEDIMENT FILTER
removes dirt, dust, rust, and suspended solids.

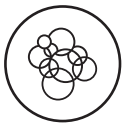

CARBON FILTER
removes chlorine and other compounds at the particle level.

ADVANCED OSMOSIS
removes up to 99% of the remaining contaminants (think heavy metals, bacteria, viruses, pharmaceuticals, pesticides, dissolved solids).

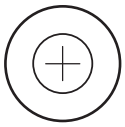

IMPROVE

ACTIVATED OXYGEN
naturally sanitizes internal tanks and lines, and boosts dissolved oxygen in the water.

ALKALINE ENHANCEMENT
adds a proprietary blend of trace minerals to raise pH and help neutralize acidity.

ELECTROLYTE ENHANCEMENT
essential electrolytes (magnesium, potassium, sodium, calcium) to support healthy hydration.

FINISH

COCONUT CARBON FILTER
real coconut husks polish the water for that crisp, fresh FloWater taste.

CERTIFICATIONS & PATENTS

Certifications

+ **ISO 9001:** Earned by organizations that have implemented Quality Management System requirements for all areas of the business, including facilities, people, training, services, and equipment.
+ **NSF/ANSI 42:** Ensures that chlorine, taste, odor, and particulates are filtered out.
+ **NSF/ANSI 51:** The standard for "Plastic Material and Components Used in Food Equipment" and deals with materials and products used in contact with foods and beverages. Ensures Refill Station isn't contaminating the water.
+ **NSF/ANSI 53:** Ensures health-related contaminants are filtered out.
+ **NSF/ANSI 58:** Ensures fluoride, chromium, nitrates, and TDS are reduced.
+ **NSF/ANSI 61:** The standard for "Drinking Water System Components — Health Effects" and deals with materials and products used in contact with drinking water. Ensures Refill Station isn't contaminating the water.
+ **NSF/ANSI 372:** Ensures lead levels comply with Safe Drinking Water Act (SDWA).
+ **ADA Compliant:** These Refill Stations comply with the requirements of the Americans with Disabilities Act (ADA).

FEATURES YOU WILL LOVE

- **High Capacity, Always Ready.** Chilled reserve tanks hold up to 7 gallons on demand, with automatic refill after every dispense.
- **Rapid Dispense**. ~9 seconds for a standard 750ml/25oz bottle, up to 5x faster than typical coolers.
- **Perfect Temp.** Chills to ~34°F; select models offer hot water, too.
- **Internal Drain.** Powered pump means no standing water and less hands-on cleaning.
- **Compact Footprint.** 16" L × 18" W × 68" H.
- **Low Maintenance.** Clean layout, recessed nozzle, hidden catchment, and natural activated-oxygen self-sanitizing cut down on hands-on cleaning.
- **Looks Matter.** The Refill Station's modern form factor and UX invite refills, drive adoption, and elevate your space.
- **Energy-Smart Operation.** Built to run efficiently even on high-traffic days — no bulky refrigeration, no wasted power.
- **No Deliveries. No Plastic. No Excuses.** Just better water, on tap, whenever your team needs it.

Proof it Works (and wins taste tests)

- In blind taste tests, 9 out of 10 prefer FloWater vs. tap, and 8 out of 10 prefer FloWater vs. premium bottled water.
- Post install surveys from workplace pilots show: 76% drink more water, 77% switch to refillable bottles, 54% stop using bottled water, and 54% cut back on other beverages.

Water Quality (sample test, LA & SF)

TDS: 495 (LA) / 397 (SF) → 0 with FloWater

Hardness: 201 / 126 → 12 with FloWater

Chloride: 96.5 / 117 → 3.9 with FloWater

Fluoride: 0.52 / ND → 0 with FloWater

"Everyone here loves FloWater… the water is awesome!"
— Creative Dimensions in Dentistry

"On par with the most premium bottle brands, our guests rave."
— Hyatt Regency San Francisco
